## FORD AND DANIELS POOR JOKE TEAM

Hotel Man and Comedian Raise No Laughs on English Ship.

'ARRIVE ON CARONIA.

Either Icebergs or British Stolidity Responsible for Mirthless

Voyage.

Simeon Ford, the hotel man humorist, and Frank Daniels, the comedian. were passengers on the Cunarder Cawhich reached New York to-day from Liverpool. The passengers should have been vastly entertained by the team work of Ford and Daniels on the voyage, but they were not. Mr. Ford and Mr. Daniels were low-grade Bromides all the way across. Perhaps the fact that the Caronia is a British whip had something to do with it.
"Really," said Mr. Ford as no landed.

Ford, "It was much more interesting. I travelled on the Minnehaba, which has quarters for man and heast and had on the passenger list some 900 cows. A their escape general to these cows.

"On the second day out the girls in the first cabin became aware of the fact that the servitors of the kine below decks were 'rah, 'rah boys, and we of the male sex who had paid first-class RHEUMATISM the male sex who had paid first-class passage ran for Sweeny after that. The young ladies spent most of their time in the company of the cattle and the Cornell men, feeding them candy and cigarettes indiscriminately."

Mr. Ford played guif and partock of his annual meal of Scotch mush. A good feed of Scotch mush will keep reminding a man of his indulgence for about twelve months, according to Mr. Ford.

Caronia hed a smooth pleasant She passed Fire Island early roay evening and came into port ne to allow her passengers bound he West to catch early trains.

# CAN GIRLS BE GOOD

Strike Leader in Paterson Raises Question for Bosses to Answer.

Can a girl "be good" on 23 a week? is the proposition that the twenty-each girl strikers in Issue Gerstein's factory, in Peterson, have put forward to win public sympathy for their cause. Through their leader, Lilian Aeron-

sohn, the girls said to-day that they had formerly been puld enough to live decently, but that last week the wage schedule was cut in half and a piece-work system insugurated that made \$3 a week the maximum wage. The averany wage is \$2.

American girls who live at home and pay no board can afford perhaps to work for \$1," said Miss Aaronsohn. "But not so with as Jewish girls, who have to shift for ourselves and try to saite enough money to bring our par-eath over from Russia. It costs us \$2 a week for board. Where is the cost of weathing and clothes to come from? The men who grind young women down to such wages have a great deal to be re-sponsible for. We can live decently for 16, but not for \$1"

# DISCOVER COAL VEIN

Lead Struck May Be Worth \$20,000,000--Vein 14 Feet Thick.

POTTSVILLE, Pa., Aug S., No tres.

nike those ever found equalled in value the 14-foot vein of Lykens red ash coal which prospectors of the Philadelphia Coal and Iron Company to-day found several hundred feet beneath the earth's surface at Glendower colliery, at Tayl-ersville, in the Hecksherville Valley. orsyllia, in the Hocksherville Vailey. The vein contains millions of tons of the highest, praced anthractic coal. The had may be worth \$25,00,000.

The vein is now being proved, it was found near the dividing line between Foster and Barry townships. The local officials of the company are elated over the discovery. The company are elated over the discovery for several months, and the officials were hopeful of arrising a big years, but did not expect to strike the Lykens Valley veld, the goal of which is worth at least st a ton more than ordinary anthracits.

This valuable veld of the best hard coal in the world runs through mountain range until it is lost in the calculations of the mining engineers. Now that the discovery has been made it has been found that the Lykens veln might have been looked for at this operation, as it is in the with the direction it is known to run.
